BUSINESS NOTES AND TRADE NEWS

Botany Worsted Mills to Allot Great Percentage of New Merchandise.

The Botany Worsted Mills, which opened their lines for next spring on October 17, announced yesterday that on leading numbers it has been found necessary to allot a great percentage of merchandise. The general line, it was said, has been sold up for spring and practically withdrawn. The company was the first to manufacture wool brocades on an extensive plan and reported an exceptionally strong demand for brodelaine. Yvonne and acanthus. In the dress fabrics department, the best sellers were poiret twills, plain and novelty cantons and serges; while suitings the leading sellers among were poiret twilts, replingle tricotines, coverts and covert Flannels, plain and novelty repes, high grade serges (mostly in he various whites) and novelty plaids the various whites) and noveity plaus were in active demand among skirtings. Outside the regular staple coating business it is anticipated that a large volume of sulting business will include short jackets in the noveity wool brocades, or in plain cloths for wear with novelty skirts.

Gray Goods Less Active.

The local gray goods market was The local gray goods market was less active yesterday but prices held firm at the new high levels. There was a moderate demand for all constructions. The standard 3814 inch 64-60 print cloths were quoted at 10 cents and the 68-72s at 1114 cents. Commission houses and selling agents. Commission houses and selling agents rather welcome the lessening in de-mand, for they have been rushed with business in the last several weeks. In the finished goods trade demand constrong. Percales have not yet repriced by the foremost printer, the largest gingham factory also while the largest gingham factory also has not yet named prices on its spring goods. Denims are enjoying a good de-mand, with buyers more eager to place future business with mills. Spring wash goods business is improving steadily.

steadily increasing business is reported by manufacturers of leather beiting. A large manufacturer found sales totals for October the largest for any month in two years. He believed that the current month will even sur-pass October's figures. All industries pass October's figures. All industries are in the market for belting and are ng fairly heavily.
